COURSE DESCRIPTION

The new COTO Standard Specification for Road and Bridge Works for South African Road Authorities, October 2020 was approved by the Committee of Transport Officials as a Draft Standard and will be replacing the COLTO Standard Specifications for Road and Bridge Works for State Road Authorities (1998 edition). COTO Standards Specifications consist of 20 chapters.

This course will cover **Chapter 2: Services** and **Chapter 3: Drainage**.

Chapter 2: Services is a total new chapter which covers different services found in the road reserve compared to the COLTO Specification which cover limited information on services.

Chapter 3: Drainage address both surface and subsurface drainage. Some of the specifications have been revised in the new document.

The course will familiarise practitioners with the changes to the COLTO Standard Specification, new specifications, measurement and payment items in these two chapters, as well as related sections in other chapters.

Practical hints relevant to specifications will be provided.
